Civil Action

ORDER

This matter having been set down by the Court for a hearing on March 8, 1984, and Deputy Attorney General David W. Reger, appearing on behalf of the Department of Environmental Protection (DEP), and Edward J. Egan, Esquire, appearing on behalf of defendants, Inmar Associates, Inc. and Marvin Mahan, and Harriet Sims Harvey, Esquire, appearing on behalf of defendant Mack Barnes, and Dominic Presto, Esq. appearing pro se and on behalf of Sigmond and Presto, a partnership, and Herbert G. Case and Leif R. Sigmond, appearing pro se, and the Court having considered the arguments of counsel, the testimony of Ronald Senna, an engineer representing DEP, and for good cause shown,

IT IS, on this day of , 1984,

ORDERED that:

1. A representative of Scientific Chemical Processing (SCP), shall execute necessary manifests, as the generator, for removal of waste from the Newark and Carlstadt SCP sites. In the event that a representative of SCP will not execute said manifests, the DEP may make telephone application to this Court, on short notice, for further relief;

2. Defendant, Inmar Associates, shall provide the DEP with a proposal for removal of all waste on the Carlstadt site, prepared by Waste Conversion, Inc., by March 31, 1984;

3. Defendant, Sigmond and Presto, a partnership, shall provide DEP with a plan for removal of all waste from the Newark site by April 9, 1984.

Re: State of New Jersey, Department of Environmental Protection
v. Scientific Chemical Processing, Inc. et al.
Docket No. L-1852-83E

Gentlemen and Ms. Harvey:

I am writing as a follow-up to Judge Stanton's determination on March 8, 1984 that Scientific Chemical Processing, Inc. and/or those of you who are former officers sign the manifests necessary to have the waste removed from the Carlstadt site. Please advise who will sign on behalf of Scientific Chemical Processing, Inc. I look forward to a speedy response as to the intentions of each of you as some of the waste is ready to be shipped for disposal.

Yours truly,

Edward J. Egan
